

CASE STUDY:

ALDINGA LIBRARY

ALDINGA LIBRARY

Located in the South Australian coastal suburb of Aldinga, the Aldinga Library opened in February 2017, featuring meeting rooms, a coffee lounge, free internet access and an extensive feature ceiling.

Keystone Linings worked collaboratively with Brown Falconer, Guy Surfaces and Shape Group to deliver a unique ceiling feature made from coloured MDF and 42,250 pine dowels - over 8 kilometres worth!

The ceiling panels installed throughout the expansive interior provide a high level of acoustic performance, which create a lovely, ambient atmosphere for locals to read, study or simply relax.

ALDINGA LIBRARY

PRODUCTS:

- Key-Custom using Key-Lena Palette Series Ebony with 195mm Pine Dowels
- Key-Orb baffles made from Gen-Eco balsa/MDF

KEY-CUSTOM - CUSTOM FEATURE CEILING FEATURING KEY-LENA

If you are looking to make a statement while maintaining top quality acoustic properties, Key-Lena is an excellent choice for ceiling or wall decorative panels. With an extensive list of pre-finishes available to choose from, Key-Lena opens up the door to your creativity by allowing you to customise colours and finishes for your choice of slotted or perforated sheet styles.

Cost-effective and long lasting, Key-Lena ceiling and wall decorative panels are suitable for a variety of applications, both commercially and residentially. They can give your space a pop of colour with various finishes, or choose timber for a more natural look.
