

Parafield Gardens
High School

CASE STUDY:

PARAFIELD GARDENS HIGH SCHOOL

PARAFIELD GARDENS HIGH SCHOOL

This \$10 million facility update at Parafield Gardens High School was designed to deliver key upgrades to the schools infrastructure to provide the students with world-class learning facilities.

Key features include:

- A new building including a gymnasium, food technology teaching facilities and amenities
- Refurbishment of the existing gym into music and drama suites
- Refurbishing existing learning space into contemporary learning areas.

Designed by Cox Architecture, the project was delivered by builders Partek Construction & Interiors with the Keystone Key-Ply Linings installed by Premier Linings.

The Key-Ply Euro Birch Plywood wall linings inside the Gym, auditorium and common areas are all sources from sustainably managed forest plantations.

KEYSTONE

PARAFIELD GARDENS HIGH SCHOOL
